

Position Description

MVEC

MINNESOTA VALLEY ELECTRIC COOPERATIVE

A Touchstone Energy® Cooperative 

Electrical Engineering Internship

MVEC is seeking an individual for a 2023 summer internship in the field of Electrical Engineering – Power Emphasis and from an ABET-accredited university.

The successful candidate will need to be enrolled full-time in a university or college studying Electrical Engineering and should be in their junior or senior year of schooling in the Fall of 2023.

Job responsibilities:

- Work cross-departmentally to develop an internal solar process in the Engineering team
- Complete design and staking functions
- Learn engineering system modeling
- Work with fellow cooperative interns on a team project and present findings

Intern skills:

- Strong Interest and Academic performance in your university or college Engineering coursework
- Flexible work schedule in an Indoor and Outdoor environment
- Ability to take direction and initiative, work independently, and multi-task
- Excellent verbal and written communication skills
- Ability to work with AutoCAD, Microsoft Products (Word, Excel, Access and others)
- Eager to learn and grow your professional skills in a casual work setting
- Able to supply letter of recommendation from advisor or professor within the college department of your major

Hours: Monday through Friday 7:30 am – 4:00 pm

Start/End dates: Mid-May – Mid-August

Work Setting: In person. Office located in Jordan, MN

Reports to: Manager of Engineering

Compensation: Paid internship

MVEC interns will collaborate on a shared team project. 10% of your time will be dedicated to this task. 90% of your time will be dedicated to specific job functions as outlined above.

To apply, please send resume to jobs@mvec.net **Preference to those that apply by Sunday, March 5th, 2023.**
